

Volunteers wanted for stamping ground08 June - September

stamping ground08 will be visiting some of the area's finest outdoor festivals during summer 2008. The festival gives people the chance to see the many different faces of dance and over the years we have shown performances that are influenced by contemporary, street, theatre and comedy dance performance.

stamping ground is back for 2008 and we are raring to go on our summer tour

Do you fancy being a part of our **stamping ground08** team?

As a volunteer at **stamping ground** your main roles on the day will be talking to the public, encouraging them to join in workshops and watch performances, taking bookings, giving out information and general artist and site support. This would be an ideal opportunity for someone wanting to further their knowledge of how a festival of this kind is run, as well as making contacts, and meeting other people working in dance delivery in Nottinghamshire, Leicestershire and Derbyshire.

This year **stamping ground** will present live performances and workshops suitable for ages 3 – 19 (no experience necessary) with some performances by national dance companies including GroundHogs, an urban dance company, Levantes Dance Theatre, an emerging company whose work is comical, peculiar and above all entertaining and All Play whose work sees the performers tumble, wrestle, fly and laugh all the way through their charming performance piece. . This year we will also have a wide range of young performers, including our resident youth dance company Addict, a Leicester-based group of young and high energy dancers that will perform a blend of contemporary, street and Latin.

If you want to be part of the **stamping ground** team this summer email giada@dance4.co.uk stating which festival dates you are able to volunteer at.
