

**Staying safe at iC4C, please follow these guidelines to help keep us all safe**

1. Do not travel to or enter the building if you are feeling unwell, have a positive lateral flow test, positive PCR test, any symptoms of Covid-19 or you are self-isolating. If you are uncertain, please carry out a lateral flow test
2. We have installed hand sanitisers around iC4C for your convenience. We recommend that you use it on arrival, and also wash your hands at regular intervals
3. Masks are not required while in iC4C, please wear one if you would prefer to. Our staff are happy to wear masks whilst working with someone in close contact, so please do ask if you would like a member of staff to do so
4. Although social distancing is no longer obligatory, we ask that you use your consideration for others and continue to be spatially aware. If you need to administer first aid, use a disposable mask and gloves from the first aid kits
5. Keep the kitchen and any other shared space or equipment clean with antibacterial spray / wipes provided
6. Take breaks at staggered times to avoid congestion while in communal spaces.

Please be considerate of others while at iC4C, feel free to speak to one of our team if you have any concerns. The government guidelines are no longer in place, but we appreciate that the world has changed, and we are all navigating it together.
